HOLOCAUST ACADEMY

Independent | Fearless | Uncensored | Unconstrained

Holocaust Academy is here to help you understand exactly where the traditional Holocaust narrative is wrong, while maintaining those aspects that are true. We teach this topic from the bottom up. We answer questions like those listed below – fearlessly and independently; free of any government or corporate censorship; without emotional, mental or physical constraints:

What exactly is meant by “The Holocaust”? – How did the commonly told Holocaust narrative form? – How did the Holocaust narrative change over time? – What aspects of the common Holocaust narrative are correct, and which are wrong? – Were false claims caused by errors or on purpose? Or both? – If on purpose, who did the lying, and why? – Who is trying to censor and persecute whom in this debate, and why? – What are the motives of the various groups pushing their own narrative?

All these questions, and more, are addressed and discussed by our learned instructors. If you have ever questioned how it could be possible for anyone to have an opinion on the Holocaust other than what is portrayed in Hollywood films, this is the opportunity for you.
